* Candidate **DCF members** (see overleaf) should complete the form for DCF members.

TIAFT

The International Association of Forensic Toxicologists

TIAFT was founded in London in 1963. The organization now has over 1400 members from 90 countries.

AIMS OF THE ASSOCIATION

To provide an organization of professionals engaged or interested in the field of forensic toxicology or related areas of analytical toxicology, including the interpretation of the results of these analyses.

To promote cooperation and coordination of effort among members.

To encourage research in and the practice of forensic toxicology and related areas of analytical toxicology.

To provide a forum for the discussion and exchange of professional experiences in forensic toxicology and related areas of analytical toxicology between forensic toxicologists and all other interested parties.

To promote education and training in forensic toxicology and related areas of analytical toxicology.

CATEGORIES OF MEMBERSHIP

Full members persons who are actively engaged in forensic toxicology or related areas of analytical toxicology, or who have made significant contributions to the above fields.

DCF members are full members for three years, who come from countries with a GDP per capita < \$15,000. They do not pay a membership fee and only receive an electronic copy of the Bulletin.

Honorary members those who have served TIAFT in an outstanding manner (through appointment by the Association).

WEBSITE (www.tiaft.org)

The TIAFT website contains information about TIAFT as an organization, about the use of the TIAFT mailing list and about important forthcoming events in the public accessible pages. The TIAFT members' restricted area contains the on-line Bulletin, the complete index of all case notes, a database of therapeutic and toxic drug concentrations, containing more than 500 different substances.

System Administrator

Dr. Gianpaolo Brusini, Italy (gianpaolo@brusini.net)

BULLETIN

The TIAFT Bulletin appears four times a year. The Bulletin contains reports from the officers and committees of TIAFT, abstracts, articles on new technology, guidelines of laboratory practice and ethics, opinion from TIAFT members, case notes and news of members.
